

# IQRA Network

## Education for Higher Life

Empowering Islamic Schools with  
Modern, Skill-Focused Learning

# Are your students mastering Arabic, Quran and Islamic Studies with confidence?

In 2021, a study that reviewed 81 reports on Islamic Schooling in Western contexts revealed that primary parental concerns stemmed from the

- 1- Lack of academic rigor
- 2- Lack of resources
- 3- Limited effectiveness in religious and Arabic education

*Alshboul, R., Fawaris, H., & Alshbool, A. (2021)*

*"Role of Parental Beliefs and Focus to Improve the Quality of Islamic Schooling in the Western World." Eurasian Journal of Educational Research.*

# Our Teaching Philosophy

# 1. Active Learning

Our curriculum is built on evidence-based active learning methodology; engaging students through carefully crafted, questions, grammatical constructs and vocabulary that progressively challenge and deepen their understanding of the Arabic language.

## Why It Works

Active learning has been shown to enhance retention by over 30% compared to passive methods (e.g. lecture style learning). Our question sequences aren't random; they follow patterns that encourage thinking and reinforce previous knowledge thereby optimizing student engagement and outcomes.

*Deslauriers, L., McCarty, L., Miller, K., Callaghan, K., & Kestin, G. (2011)*

*“Measuring actual learning versus feeling of learning in response to active engagement in the classroom.” Harvard Gazette*

## 2. Proven Retention

We utilize spaced repetition, a method designed to shift concepts from short-term to long-term memory through strategic review intervals. Each lesson revisits key points, words, constructs in varying contexts, ensuring students retain foundational knowledge effectively and demonstrate usage.

### Why It Works

Spaced repetition has been proven to increase long-term retention by up to 50%, a vital advantage in learning language and memorizing Quran.

*Traverse Learning Science (2023)*

*“Optimal Spaced Repetition Intervals to Maximize Learning Retention,” Traverse*

### 3. Skill-Focused

Every lesson is structured to expand four essential skills: writing, reading, speaking, and listening. By embedding these skills into each topic, we ensure a comprehensive language mastery.

#### Why It Works

Research confirms that focusing on these four skills is crucial to language acquisition, enabling students to confidently communicate, comprehend, and express themselves in Arabic.

*Usó-Juan, E., & Martínez-Flor, A. (2006)*

*“Current Trends in the Development and Teaching of the Four Language Skills, emphasizing the critical integration of communicative skills for language mastery,” De Gruyter Mouton*

*Frost, R., et al. (2023)*

*“Integrated Assessment of Macro Skills as Practiced in ESL Classes, highlighting the importance of multi-skill integration for effective language acquisition,” International Journal of Language Education*

## 4. Expert-Curated Material

Our material is carefully crafted by a team of subject matter experts, ensuring accurate application of learning methods (e.g., active learning, spaced repetition), depth, and cultural relevance. This provides students with content that has true practical utility while being both engaging and meaningful.

### Why It Works

Expert curation guarantees that the educational material aligns with IQRA's mission and evidence-based quality standards, making learning authentic and impactful.

*Traverse Learning Science (2023)*

*"Sustaining Effective Use of Expert-Prepared Materials in Language Classrooms, highlighting that expert materials support pedagogical consistency and maximize learning outcomes," MDPI*

## 5. Accessibility Everywhere

Our digital platform enables students to access material on multiple devices, offering a flexible, engaging experience they can fit into their schedules at their convenience.

### Why It Works

Increased accessibility leads to consistent learning outside the classroom, reinforcing lessons and accommodating different learning styles and time constraints.

*CASLT*

*“CALL and Multiliteracies: Enhancing Language Learning Across Digital Devices, demonstrating benefits of mobile learning in providing flexible access to authentic resources,” CASLT*

*Frost, R., et al. (2023)*

*“Evaluating Usability and Accessibility, emphasizing the effectiveness of device accessibility for language learning beyond the classroom,” ERIC*

A smiling woman wearing a hijab and a striped shirt is standing in a classroom. She is gesturing with her hands as if speaking. In the background, there is a whiteboard with some faint, illegible writing and a window with blinds. The overall scene is brightly lit and has a soft, professional feel.

# Your Complete Toolkit for Student Success

# Structured, Accessible Curriculum

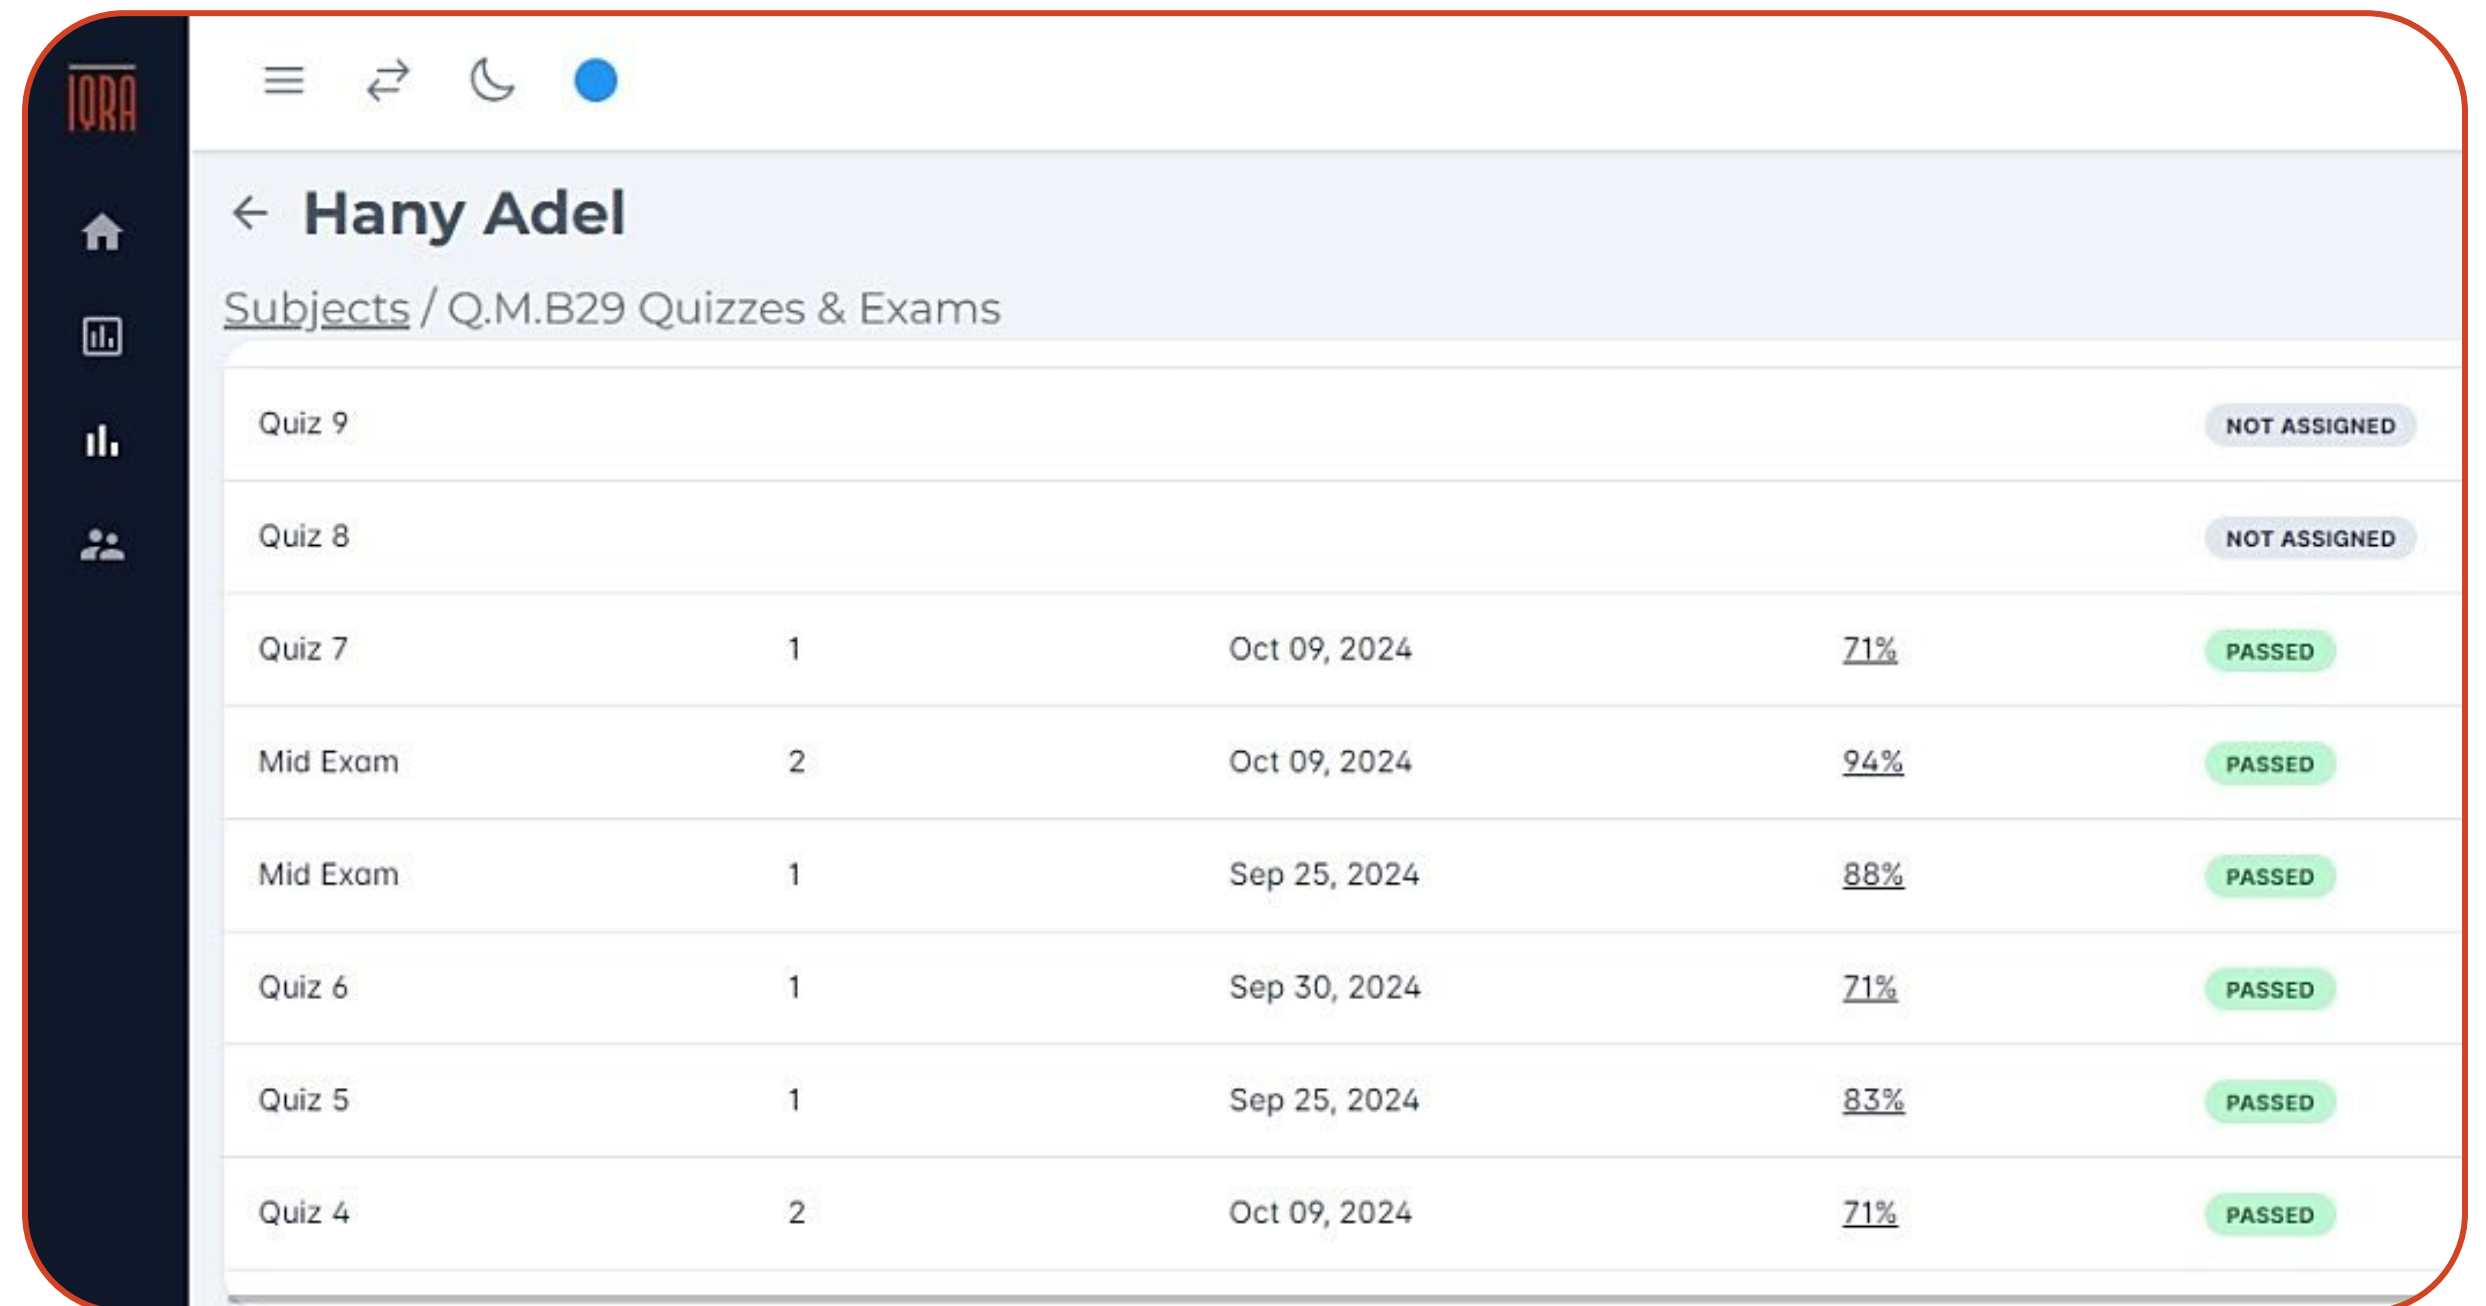

A comprehensive, electronically accessible curriculum with quizzes, exams, and a seamless grading system to keep learning organized and transparent.

# Integrated Grading

Real-time automatic grading and feedback that allow for a holistic view of each student's progress, providing clarity for teachers, students, and parents.
